THE MAYBELLINE NEW YORK/ JANE READER CD

ROCKS THE HOUSE. Not that we were worried. We knew you could do it. This past summer, **Maybelline New York** and **JANE** kicked back and listened to over 1,000 CD submissions from you guys, and narrowed it down to a lucky 20. For those of you who joined super-goddess **Liz Phair** this past August in NYC, you saw us narrow it down to the final 10 and what can we say? Air guitar solos all around.

Maybe they're born with it? Do you even question us? The winning bands are: **The Auroras, Betsy Roo, Redheadphone, Franchesca Leigh, Daniel Marr, Built Like Alaska, Torin Alter and the Lying Angels, Sorta, Revolver Modèle and Austin Willacy.**

Special thanks to genius rocker **Liz Phair** for giving all these bands and more a listen at **Table 50** in New York City.

To win the CD, read more about the bands and score MP3s, visit www.janemag.com/readercd.
